

Why Do Reds On Trial Trot In Like Sheep And Confess?

WASHINGTON, Nov. 28.—(P)—The confessions of the 14 former Czechoslovak Communist leaders on trial in Prague revive an old question first brought up during the Moscow trials of the old Bolsheviks in the 1930s.

Why do people on trial in Communist countries trot in like sheep and denounce themselves in open court with confessions they must know will send them to prison or to death?

This habit, so common among people brought to trial in Com-

munist countries, has never been generally practiced by Communists this side of the Iron Curtain.

When the leaders of the American Communist party, for example, were tried in New York a couple of years ago they not only confessed nothing but seemingly tried to make the trial a nightmare for judge and prosecutor.

They were aided in this by the difference in legal systems. Here, where a man has to be

proven guilty, their lawyers were in court to defend them. In Prague it is the obligation of the defense lawyers to help the prosecution.

In a book still talked about, Arthur Koestler's "Darkness at Noon," an attempt was made to explain why a veteran Communist who had fallen from grace would condemn himself for offenses he did not commit.

The explanation, in brief, went like this: No matter how rotten he might think Stalin's leader-

ship, the most important thing to the accused Communist as the eventual triumph of world Communism.

Therefore, instead of publicly condemning the regime which he earnestly thought was ruining Communism, he would publicly condemn himself for the sake of the party and his hope that maybe it could win out in the end.

There are probably other less idealistic but more practical explanations for the trial confes-

sions.

Hypnotism has been suggested as one. Police terror sounds more likely, either through torture to extract compliance or threats of punishment for the accused man's family and friends if he didn't confess in open court.

Karl Radek, old Bolshevik and journalist, provided the classic example of the absurdity of these confessions during his Moscow trial in 1937. He made an extraordinary admission, undoubtedly

with tongue in cheek, since he was said to be sardonic.

Radek said he pleaded guilty not only to all the crimes of which he stood accused but to all those of which he might be accused. He was reported to have been let off with a 10-year prison term. Some of his co-confessors were shot.

In the Prague trial the Communists in power tipped their hands wide open on a question which has long been debated but

has never had much support: The trial was outright anti-Jewish. Eleven of the 14 accused men were Jews. They were accused of conspiring with Jews in Israel and the United States. Perhaps the accused men were persuaded to confess under threats of violence against all Jews in Czechoslovakia.

If that was the reason, the sacrifices (11 were sentenced to the gallows, three to life imprisonment) seem to have been in vain.

A wave of Jewish suicides was reported as the trial neared its end and a reliable source said anti-Jewish attacks had begun.

There is an interesting question which can't be answered: Do these trials chill the enthusiasm of American Communists? They must realize that the life of a Communist leader is in more danger when his own party is in power, as in Eastern Europe, than when it isn't, as here.

Ike Planning Announcement Of More Aides

Special Assistant, Press Secretary Named By President-Elect

NEW YORK, Nov. 28.—(P)—Another group of appointments is expected to be announced over the coming weekend by President-elect Dwight D. Eisenhower.

He made two Thursday—James C. Hagerty to be his press secretary and Maj. Gen. Wilton B. Parsons to be special assistant.

Meanwhile, Eisenhower was holding more conferences — some of them with interesting and speculative attachments.

The 43-year-old Hagerty, a former legislative reporter for the New York Times, served as press secretary to Gov. Thomas Dewey of New York and was on leave to serve Eisenhower during his campaign.

Parsons, 56, served on the general's NATO staff in France and recently served as assistant to the chairman of the Republican National Committee. His brother, Gordon, is the Democratic governor of Alabama, a strong supporter of the Democrat ticket during the recent election.

GOV. SHERMAN Adams of New Hampshire, designated by Eisenhower last week as assistant to the president, said Parsons will work under his overall co-ordination and will deal mainly with legislative matters.

Eisenhower's first conference Friday was with Madame Vijayalakshmi Pandit, leader of India's United Nations delegation. An Indian proposal for ending the Korean war now is before the UN General Assembly and was to be voted upon late Friday. Passage is believed assured.

Another conference was to be with eight top CIO officials, including Allan Haywood, CIO executive vice president, and Walter P. Reuther, president of the CIO United Automobile Workers.

Reuther and Haywood have been termed the two chief contenders for leadership of the CIO to succeed the late Philip Murray.

Hagerty said that Eisenhower plans to meet visitors both Saturday and Sunday, a departure from his previous custom of keeping those days clear for rest. The press secretary-designate also said more appointments to office will be made over the weekend.

The present day type telephone may, in the not distant future, be as far behind the times as horses and buggies were behind the present modern motor vehicles.

There will be some big upsets in the present day communications systems.

If you doubt that some radical changes, for the better, are in store in the telephone field, let's take a look at the following article released in the current publicity sheet of the Ohio Bell Telephone Company, which is headed: "A Dream? Well, Folks Once Ridiculed the Phone."

"Watch-sized telephones equipped with tiny television screens which the telephone user of the future will carry about with him were forecast in an article in the Bell Telephone Magazine by Dr. Harold S. Osborne when he retired as chief engineer of the American Telephone and Telegraph Company.

"You ain't seen nothing yet," was his conclusion as he looked into the future and indulged in fantasies of the eventually possible.

"Let us say that, in the ultimate, whenever a baby is born anywhere in the world he is given at birth a number which will be his telephone number throughout life," said Dr. Osborne.

"As soon as he can talk he is given a watchlike device with 10 little buttons on one side and a screen on the other.

"Thus equipped, at any time when he wishes to talk with anyone in the world he will pull out the device and punch on the keys the telephone number of his friend. Then, turning the device over, he will hear the voice of his friend and see his face on the screen in color and in three dimensions."

THIS COUNTY-OWNED DRAGLINE scoop, operated by Ed Hyre, is being used to dredge the channel of Paint Creek from near the Robinson Road through the city. The city shares expense of the work within the city limits.

The scoop is pictured here with a load of dirt, gravel and roots, taken from the stream bed just east of Sycamore Street, where a sizeable gravel bar impeded free flow of the stream.

Work of removing a series of these gravel bars is moving satisfactorily. (Record-Herald photo)

Guided Missile Attack Report Is Called Hoax

WASHINGTON, Nov. 28.—(P)—President Arthur F. Kelly of the Air Force Association claims the Navy pulled off the "publicity stunt of the year" last September in reporting the combat use of guided missiles.

Writing in Air Force Magazine, an unofficial publication, Kelly cited news stories he said described as "the first take-off of a guided missile in actual combat" the bombing of North Korean targets by unmanned, electronically controlled fighter planes.

Kelly called this a "cruel hoax to play on the American family" and said it raised false hopes that the age of pushbutton warfare had arrived.

He said the Air Force used un-piloted radio-controlled bombers against German targets during World War II and flew them twice as far with nine times the bombload as the Navy did Sept. 5 from the U. S. Carrier Boxer.

Kelly said the Navy censored from the original news report, delayed until Sept. 17, the designation of the aircraft used, an out-moded Grumman Hellcat, and substituted the term "guided missile."

A Navy spokesman said Sept. 18 that the Hellcat robots were only experimental and makeshift guided missiles. He said better ones were being developed.

Air Force Magazine's Managing Editor John F. Loosbrook, writing in the same issue, said "Exercise Mainbrace" last September cast grave doubts on the effectiveness of aircraft carriers.

Loosbrook said the maneuver, conducted off Scandinavia by ships of the North Atlantic treaty nations, was designed partly to show that carriers could adequately defend NATO's northern flank. Instead, he said:

"Mainbrace exposed serious flaws in our whole philosophy of naval warfare, flaws which will be very difficult to explain away."

The operation, Loosbrook wrote, demonstrated carriers' vulnerability to mechanical failures, submarines and bad weather.

Other drawbacks, he said, were excessive cost, the need for frequent refueling and questionable ability to perform effectively in "the windswept, shallow and enclosed North Sea."

As if in reply, meanwhile the official "Naval Aviation News" declared the aircraft carrier is essential to control of the sea, although both land and carrier based

planes are needed to wage war successfully.

The Navy magazine said land bases are large fixed targets while carriers are smaller and elusive. It added that carriers can concentrate more planes over any naval targets than can be mustered from scattered shore bases.

Winnie Ruth Judd Escapes Prison Again

PHOENIX, Nov. 28.—(P)—The out-again-in-again trunk murderess, Winnie Ruth Judd, led searchers a baffling chase Friday after her sixth escape from the Arizona State Hospital for the Insane.

Red-haired Winnie squirmed out through a sawed window screen Thursday night.

With her customary craftiness, she left nothing to show just how she circumvented the many precautions taken to keep her in.

It was her second escape this year from the hospital where she has been confined since 1933. In 1931 she killed two girl friends and shipped their dismembered bodies to Los Angeles as baggage. She was sentenced to be hanged but was found insane just 72 hours before she was scheduled to go to the gallows.

HER LATEST flight set off a frantic search not only for 48-year-old Winnie but for an unknown accomplice or accomplices.

"She had help some way or other to make the escape," said Dr. M. W. Conway, hospital superintendent. Sheriff's Lt. Frank Mitchell agreed. "She definitely had help," he said.

About 7:30 P. M. Thursday she complained of a headache and said she was going to take a bath. She went into the bathroom, carrying a robe over her arm. Fifteen minutes later an attendant looked in and she was gone.

A hole 15 inches square gaped in the heavy mesh window screen. The glass window had been cranked outward. It was only six feet from the ground.

"This is the sixth chapter in 'The Escapes of Winnie Ruth Judd.'"

"I don't think anyone has tried harder to hold this woman than we have," Dr. Conway declared. "But you can't hold that type of woman in a paper sack."

West Pushing Toward Vote On India Plan

Final Approval Seen Despite Opposition By Communist Bloc

UNITED NATIONS, N. Y., Nov. 28.—(P)—The United Nations pushed toward a vote Friday on India's Communist-condemned plan for ending the Korean war. With U. S. support pledged, its adoption in the face of bitter Soviet bloc opposition was expected by an overwhelming majority.

Despite the rejection by Peking, Moscow and Pyongyang, the India compromise prisoner of war resolution was being shoved through by the non-Communist nations to place responsibility for throwing down a Korean peace squarely on the Reds.

India's V. K. Krishna Menon, who drafted and introduced the resolution, was to give his final arguments—apparently in another attempt to overcome the Communist objections—before the general Assembly's Political Committee Friday afternoon.

Committee Chairman Joao Carlos Muniz of Brazil told the delegates Thursday he was eager to have a vote on the Indian resolution as soon as Menon speaks.

SECRETARY of State Dean Acheson let it be known the U. S. delegation has accepted the changes Menon has made in his resolution spelling out in more detail the final destination of prisoners who resist repatriation to their Red-ruled homelands.

The Americans had demanded these changes before supporting all for a repatriation commission to take charge of all prisoners, and for the UN to take over the resettling of all POWs not repatriated within five months after a Korean truce.

U. S. support and that of the 20 Allies who co-sponsored an American resolution on Korea assured the passage of the India plan by a wide margin.

A U. S. spokesman said his delegation would favor a Danish amendment shortening the period to four months but would not press for it. Other amendments on details and mechanics were expected to get the support of many nations in the committee.

Soviet Foreign Minister Andrei Vishinsky also has introduced amendments to the Indian resolution. Western delegates say they often transformed it into Russia's own demand that all prisoners must be forced to go home whether they want to or not.

THE DEBATE became increasingly vitriolic Thursday when France, Australia, Canada and New Zealand accused the Russians of wishing to prolong the war in Korea and charged that Vishinsky had tried to trick the Assembly into perverting the sense of the India resolution.

Vishinsky scathingly replied that these delegates, by attacking him personally, had taken the position of "lap dogs barking at an elephant."

He and his allied delegates from the Ukraine and White Russia held out that the Russian resolution, calling for an immediate cease-fire followed by a political conference to settle the POW and all other Korean questions, was the only way to peace in that battle-scarred peninsula.

Christmas Season Opens Here; Big Tree on Court House Lawn

SANTA'S HUSKY HELPERS GET READY for the coming of old Saint Nick to Washington C. H. Friday morning they went to the Martin Crone farm on the Bogus Road and brought in a huge 25-foot tall Christmas tree (shown above) on a D. P. & L. Truck. It was quite a job, but no bigger than the one of setting it up near Santa's headquarters on the Court House lawn. It is to be decorated with colored lights and tinsel in the traditional manner.

The Christmas season was formally opened in Washington C. H. Friday afternoon when Santa Claus came to town and set up business in the headquarters on the Court House lawn.

One of his first acts was to hold "open house," so to speak, for the kiddies while their parents and adult friends took a little time out too look around in the city's stores as a preliminary for the more serious shopping excursions a little later.

Christmas was in the air, literally and figuratively.

The business section of the city was all decked out in Yuletide finery on the streets and store windows and inside the stores themselves.

Garlands of greenery with colored lights swayed across the streets in the shopping section.

Up on the Court House lawn a giant Christmas tree was put up just before the arrival of Santa. It's

about 25 feet tall and came from the Martin Crone farm on the Bogus Road.

It was brought in Friday morning in one of the big Dayton Power and Light Co. trucks—and that was quite a job in itself. Setting it up was an even bigger one.

The tree is to be trimmed with sparkling lights and tinsel just as soon as Santa's husky helpers can get at it. They have been having their troubles with the wind, however, and are a little behind on their schedule. About a half dozen of the big round discs with the likeness of Santa that hung from the garlands across the streets were torn off by the wind; they will be put back up, too.

While there is so much activity going on outside, the preparations for the Christmas shopping season in the stores is just about finished. Gift merchandise is piled high in bright displays on the counters and in the show cases.

Merchants are patting themselves on the back this season, not only for the completeness of their stocks, but also for the preparedness which they say will enable people to do their Christmas shopping early and, thus avoid the usual rush of the last few days.

Stores in the uptown district are to remain open Friday and Saturday nights of this week until 9 o'clock. They also will stay open at night on Dec. 19, 20, 22 and 23, but will close at 6 P. M. Christmas Eve.

The crash scene was strewn with personal belongings. There were many packages indicating the passengers had been shopping, possibly for Christmas, before they started the ill-fated flight.

Most of the fire was in the forward part of the plane. The tail section and about half the fuselage remained almost intact after being ripped apart by the death-dealing blast.

The plane landed about a block away from a transplanted housing project—one that had been moved to the McChord area and set up as 35 four-family units. Most of them are occupied.

The crash also was about three-quarters of a mile from a business area on South Tacoma Highway.

THE CRASH added to the toll of a disastrous three weeks for military transport aviation around the North Pacific rim.

If the death toll stands at 36 in Friday's crash, it makes a total of 198 dead or presumed dead along the air route from Korea to Alaska to McChord and Montana. The total includes 91 on three big transports in Alaska, 55 in two Korea crashes, eight in Montana and eight in a crash on Vancouver Island.

Other amendments being drafted at Taft's direction:

Redefinition of the term "foreman" to make sure that these exclude from bargaining really are a part of the management.

Removal of penalties against individuals who strike in the waiting period that begins when either company or union notifies the other that the contract terminates in 60 days.

Clarification of relations between the general counsel and the National Labor Relations Board.

Provision for supervision of welfare funds by the Labor Department.

Speeding up of NLRB cases by removing bans on pre-hearing elections and on hearing officers' recommendations.

Big Airliner Falls As Fog Shrouds Field

American Servicemen, Dependents Lost In Northwest Disaster

TACOMA, Wash., Nov. 28.—(P)—A four-engined military plane from Alaska crashed in flames in a field south of here early Friday and 36 of the 39 aboard were believed dead.

The plane carried servicemen and dependents. The bodies of four babies were among those found scattered at the scene.

Witnesses said the plane was afire as it "whooshed" down to a tree-flanked field about a mile from its destination at McChord Air Force Base.

Capt. Jack Easley, public information officer at McChord, said reports to the base indicated the plane struck a tree while coming in through the heavy fog for a ground-control approach landing.

All but a section of the tail was destroyed in the resulting fire and explosion. Bodies were scattered over 200 feet from the wreckage.

McCHORD BASE reported the transport, a C-54, was circling for an approach to the field when the disaster struck.

The manifest listed 18 military passengers, 14 civilians and a crew of seven, Easley reported.

Many of the passengers were returning to the States for the year end holidays. The C-54 left Fairbanks Thursday morning, stopped at Elmendorf Base at Anchorage, then flew to McChord.

Ironically, only the fog kept the plane's occupants from seeing the lights and safety of the big McChord field before the crash.

The crash scene was strewn with personal belongings. There were many packages indicating the passengers had been shopping, possibly for Christmas, before they started the ill-fated flight.

Most of the fire was in the forward part of the plane. The tail section and about half the fuselage remained almost intact after being ripped apart by the death-dealing blast.

The plane landed about a block away from a transplanted housing project—one that had been moved to the McChord area and set up as 35 four-family units. Most of them are occupied.

THE CRASH added to the toll of a disastrous three weeks for military transport aviation around the North Pacific rim.

If the death toll stands at 36 in Friday's crash, it makes a total of 198 dead or presumed dead along the air route from Korea to Alaska to McChord and Montana. The total includes 91 on three big transports in Alaska, 55 in two Korea crashes, eight in Montana and eight in a crash on Vancouver Island.

Whole Grid Team Tossed In Prison

HAGERSTOWN, Md., Nov. 28.—(P)—All 37 members of a Washington D. C., sandlot football team cooled their heels in the town jail here Friday accused of taking more out of a local liquor store than they paid for.

The members of the Stonewall Athletic Club stopped off here Thursday on their way home after defeating the Chambersburg, Pa., Cardinals, 13-7, in Chambersburg. They made several purchases at a liquor store and left after they had gone, the store owner found 14 fifths of liquor, a couple cases of beer and several cartons of cigarettes missing.

Vote Recounts Could Produce Few Surprises

New Ruling Demands Tabulation Of All Ballots In Contest

COLUMBUS, Nov. 28.—(P)—Vote recounts, traditional post-election events when races are close, could have surprising results this year.

That's because recounts involve all votes cast in disputed races, Secretary of State Ted W. Brown reported Friday.

Candidates formerly could ask recounts of only their own votes, or those of an opponent, and have only the challenged votes counted again. Now all votes cast for the office involved are recounted. That makes the final outcome doubly uncertain where more than two candidates are involved.

Montgomery County is an example. Five candidates won election as state representatives. Then Howard W. Butz, a defeated Democratic incumbent, obtained a recount.

BUTZ FINISHED 222 votes behind Republican Marion F. Patten, who had the lowest total of the five elected. Reports said Butz and Patten sought to limit results of the recount to themselves. But the election board this week began recounting all votes cast in the county for state representative.

If Butz and the next lowest contestant should get more votes on the recount than Patten, they would be declared elected and Patten and the next highest winner would be out. Here's how they stood in the official count:

Democrat Jesse Yoder, incumbent, 78,797, and Republicans Clara E. Weisenborn 77,064; Frederick Bowers 76,515; Harry K. Crowl 74,327 and Marion F. Patten 72,255.

Butz got 72,033 in the official count. But the earlier unofficial tally gave him 72,225 and Patten 72,531.

A similar situation exists in counties in Montgomery and Mahoning Counties. Each county had four candidates for two seats.

Counties elected two commissioners to four-year terms this year. The third commissioner on county boards will stand for election in 1954.

ANOTHER recount in the 6th Congressional District involved only two candidates, Leo Blackburn, Portsmouth Republican, lost to James G. Polk, Highland County Democratic incumbent, by 329 votes with 134,116 cast in the nine county districts.

Blackburn demanded a recount of 98 precincts in Clermont, Adams, Pike, Scioto, Brown and Highland Counties. Other counties in the district are Pickaway, Fayette, and Ross.

After a recount of 77 precincts, Blackburn saw that he had picked up only ten votes. So he conceded final defeat.

Candidates must post \$10 bond for each precinct where they obtain a recount.

They get their money back if the recount gives them the election. But if they fail, they get refunds only from precincts where the recount shows a change of more than 4 per cent in the previous count.

Recounts failed to change the outcome of issues in three of the counties.

A committee headed by John R. Smith obtained a recount on the question of the sale of beer in Alger, Hardin County. The election vote was 241 yes, 229 no. The recount left the affirmative vote unchanged and cut the negative total by one vote to 228.

A recount on a Rush local school bond issue in Tuscarawas County left a 169 affirmative vote unchanged and cut the no vote from 141 to 138.

In Warren County, a recount produced wider changes but left the result the same. Franklin Township balloted on a special issue of fire protection. The election count was 939 yes to 635 no. The recount made the vote 1,042 yes to 542 no.

Red Propaganda Show in Berlin

Ballyhoo Is Topped By 'Miracle Mile'

BERLIN.—(P)—After a year of sweat and toil, the Russian sector of Berlin is winding up its gaudiest propaganda stunt, measured literally by the mile.

The venture is a mile of apartment dwellings, rising from the ashes of the old Frankfurter Allee, renamed Stalin Allee (Boulevard).

The limping Eastern economy parlayed lotteries, volunteer labor, conscripted Communists, and a wave of ballyhoo to whip the 2,100 new apartments into being. It is the only new housing construction in East Berlin.

To hear the Communists tell it, would be to believe that nothing like it ever was done before. The amused West sectors without any hullabaloo, built 15,000 new apartments in the same period, and are planning to construct another 35,000 in the next two years.

By scattering the rebuilding efforts, the Western sectors have in a large sense failed to create much of an impression. The East took all it possessed, threw it into

the single Stalin Allee venture and created a concentrated model that now holds a high place in the conducted tours designed to impress the East German with the drive toward Communism.

Wainwright Due To Assist Provoo

NEW YORK, Nov. 28.—(P)—Attorneys for John D. Provoo say the ex-soldier's commander on Corregidor, Gen. Jonathan M. Wainwright, will appear as a witness for the defense.

A lawyer for Provoo, on trial for treason, said the retired general "would like to testify during the week of Dec. 8." He resides in San Antonio, Tex. Wainwright and Provoo, a former sergeant, were captured by the Japanese in the fall of Corregidor in 1942.

Provoo, who could pay with his life if convicted, is accused of going over to the enemy and informing against his fellow Americans.

Safety Council Hopes To Help Stop Accidents

Suggestions Are Offered During The Christmas Season

The National Safety Council has announced a nationwide Christmas savings plan to stop accidents.

"If every American will join this savings plan before the Christmas holidays, a real yuletide bonus—human life—will be paid," said Ned H. Dearborn, Council president.

The campaign has been joined by more than 160 national organizations, and by city and state public officials and civic leaders. They will unite in creating an awareness of the special holiday hazards, and will enlist voluntary cooperation from every American to hold accidents to a minimum this Christmas.

The year-end holiday season is the most dangerous period of the year, Dearborn said, and accidents annually mar the celebration in thousands of homes. Traffic accident deaths on both Christmas eve and Christmas day are about twice as high as the annual daily average.

This year, with the holiday consisting of four days for many persons, the toll could be even higher than the 351 traffic deaths reported during the four-day Christmas

weekend last year, Dearborn warned.

"Travel is especially heavy over long holidays, which encourage traditional, family get-togethers even when the members must drive considerable distance," he said. "The festive spirit of the season, plus the normal winter hazards of bad weather, slippery roads and longer periods of darkness create added danger."

For a safe and merry Christmas, the National Safety Council suggests these precautions:

1—Driving or walking, put the Christmas spirit of "good will toward men" into practical use by being extra courteous to others. And take your time!

2—If streets are icy or slippery, keep your speed down and your caution up.

3—If you imbibe Christmas spirit in liquid form, stay away from the steering wheel of a car.

4—Avoid home hazards, too. Do not use candles, be sure tree lights and wiring are in good condition, and keep gift wrappings away from the fireplace or other source of heat.

Slayer Of Lover Ordered Freed

LIMA, Nov. 28.—(P)—Joanne Thomas, 26, acquitted by reason of insanity of the slaying of her lover in Newark last year, has been released from Lima State Hospital.

Judge Moran B. Jenkins said she was "wholly legally and medically sane." He granted a writ of habeas corpus. Miss Thomas admitted she shot Frank Rizzo, 30, four times in a Newark fruit market Sept. 15, 1951. His brother testified she knelt beside the dying man and said: "I love you, I love you, Frank."

'Grandma' Bandit Strikes 3rd Time

LOS ANGELES, Nov. 28.—(P)—Grandma has struck for the third time, pulled another bank holdup and made a clean getaway.

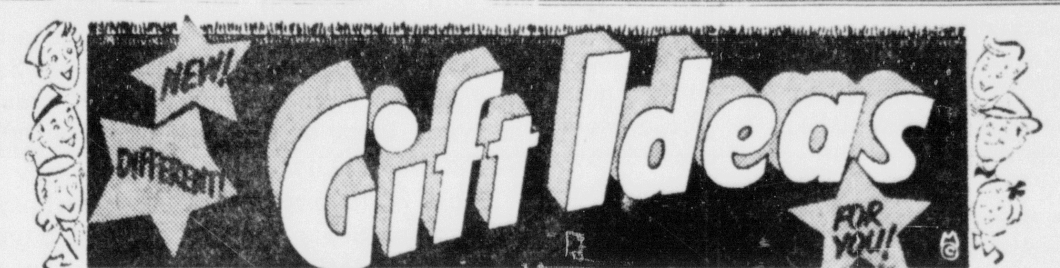

Los Angeles' gray-haired, cap pistol-totin' bandit shoved a note into a teller's cage Wednesday. It read: "I have a gun and I'm not afraid to use it. Put 10s, 20s and

100s in this sack." Teller Josephine Rubin complied. Grandma escaped to a waiting taxi and disappeared. The driver, Burman Podel, said she hailed his cab, directed him to go to the bank and wait. She was "nervous and excited" when she returned. He drove her five blocks and she got out, gave him \$5 but waited patiently for her change. She got \$267 in the holdup.

Death Takes Holiday

KALISPELL, Mont.—(P)—For 72 years there hasn't been a death among 12 of the children of the late Mr. and Mrs. C. S. Reeves. The twelve—ranging from 82 years of age to 52—held a family reunion here recently. The last time one of the children died was in 1880.

**PUSHBUTTON PLAN
Used By College**

KNOXVILLE, Nov. 28.—Push-button learning has come to the University of Tennessee with experimental use of a meter to measure lecture reception in the College of Engineering. It works like this:

When a student fails to get a point in the professor's lecture, he pushes a button that works an electronic device. A meter on the professor's desk shows him how many students are not understanding him. If the number is large, he can back up and try again.

Market For Snails

BOLOGNA, Italy.—If you are short of money in Italy just go out in the fields and pick up snails. They are worth about 4 cents a pound on the open export market.

Americans don't like them usually, but snails cooked with garlic are a European delicacy.

Five tons of Italian snails cross daily the Italo-French frontier in special crates for French gourmets.

The plumage of penguins if formed of small, scale-like feathers.

Arabs Get 'Corner' on Holy Land

By WILTON WYNN

JERUSALEM—How to get across to travelers that outstanding Holy Places are in the Arab sector of Palestine is one of the many headaches plaguing the tourist industry of Arab Jerusalem today.

This is a serious matter to the 60,000 residents of the Old City. With Palestine's seaports, industries, and best farm land on the Israeli side of partition lines, Jerusalem Arabs have only the tourist

trade to rely on as a profitable business.

The misconception regarding location of Holy Places has cost Arab Jerusalem heavily in the past four years. There are countless cases of European or American tourists planning a trip to the "Holy Land" and spending practically all their time in Israel. With time and money budgeted, many such tourists realize too late that the most interesting historic shrines are on the other side of the line.

ON THE ARAB SIDE are the Church of the Holy Sepulchre, the Garden tomb, Calvary, the old walled city of Jerusalem, the Church of the Nativity in Bethlehem, the Site of the Sacred Baptism on the Jordan river, and countless other sacred Christian spots.

The Jewish Wailing Wall is on the Arab side, along with beautiful Moslem shrines such as the Dome of the Rock and the Aqsa Mosque.

Further inside Jordan are the well-preserved Roman city of Gerasa and the fabulous Nabatean city of Petra, a complete classical city carved out of the solid rock of mountains in southern Palestine.

A second misconception hurting the Arab tourist industry is the belief that no good accommodations. It is true that the city has no deluxe hotels. But Arab Jerusalem has an increasing number of small first-class hotels furnishing excellent accommodations at modest rates.

IN 1949, ARAB Jerusalem had only 66 beds in first-class hotels. Today there are 276 beds in first-class hotels. In addition there are hundreds of beds in smaller pensions, hostels, and religious institutions.

Arab Jerusalem has daily plane

connections with Cairo and Beirut. Jerusalem also can be reached cheaply by car from Beirut via Damascus and Amman.

Better roads have been completed from Jerusalem to the Mount of Olives and to Bethlehem, greatly shortening the trip to those sites. A new road has been built from Amman to Gerasa. Cheap taxis can take the tourist anywhere he wants to go in Jordan.

Visas are not hard to get. Ordinarily, this can be taken care of by travel agents in quick time. Jordan maintains consulates at Washington, London, Paris, Rome, Madrid, Cairo, Beirut, and other

points. Official instructions have gone out to simplify granting of tourist visas.

As these misconceptions are overcome, business men in Arab Jerusalem believe their city again will show signs of life and relative prosperity.

Helping the tourist industry along is a new government Bureau of Tourism set up with the aid of \$350,000 given by Point Four.

**Tax On Estate
To Be Studied**

COLUMBUS, Nov. 28.—Margaret A. Shanahan of Fremont, died June 10, 1949, leaving most of her estate for Roman Catholic masses "for the repose of my soul" and those of her dead parents and brothers.

The state tax department wanted to tax the \$8,785 left for this purpose, but the Sandusky County probate court said the fund was untaxable. The Ohio Supreme Court has agreed to review the case. The appellate court said payment for masses goes for the personal use of the priest. No money goes to the church as an institution, the court noted.

Is "Security" For Old-agers Now a Myth?

Magazine Article Cites Some Shocking Facts To Readers

Our vaunted "Social Security" system just isn't working, according to the Reader's Digest. The cumulative effect of the government's long-standing tax-spend policies, and accompanying inflation, have made security a myth for most of our elderly citizens.

Striking but tragic proof of the system's failure lies in the fact that today, among persons 65 or older, one out of every five is on relief. The shocking total is 2,700,000—almost twice as many as at the depths of the depression.

Appraising the financial impasse of the aged, in the December Reader's Digest, Charles Stevenson cites individual cases to illustrate a penalty that is spreading like an epidemic among those who have outlived their productive years. Break-downs in health, from the effort to make both ends meet on ridiculously inadequate incomes, are common.

Fourteen years ago, when the Social Security system was launched, government social workers ascertained that an elderly couple could maintain a "fair American standard of living" on \$70 a year.

Today, because of much higher living costs, plus hidden taxes which take a quarter of even the poorest family's income, much more is needed. The budget used by the Social Security Administration to determine the adequacy of relief programs now requires \$1,750 to \$2,000 annually to maintain a couple on a minimum living standard. Very few elderly people have that much.

Unable to get along on federal Old-Age and Survivors' Insurance benefits, thousands seek employment. At 65 or 70 or 75, jobs are not easy to get, and even if the pensioner finds one it may not help much. In most cases, if a job earns over \$75 monthly the jobholder is subject to the penalty of having his federal benefits canceled for that month. Monthly benefits were denied in two cases named in the article, because job earnings exceeded the allowable maximum by 71 cents and 63 cents, respectively. In another, a couple was suspended from OASI rolls for three months because the husband had taken \$2.99 worth of sandwiches as pay. Their loss in federal benefits was \$210.

To exist at all, elderly people are increasingly drawing on their capital. Federal Reserve studies disclose that fewer having savings accounts, U. S. bonds or income from stocks, than in 1949. Only 14 percent of them were in debt then; last year a third were in debt.

We must check inflation and stop confiscatory taxation if we are to resolve this dilemma of the aged, the author urges. We should also remove the limitations which prevent old-age insurance beneficiaries from working. The alternative is real poverty for most of us in our declining years.

University Video Series Scheduled

CINCINNATI, Nov. 28.—The newly formed Allied Universities Television Council will present its first play—"Money From Mars"—over WLW's television stations in Cincinnati, Dayton and Columbus on Dec. 8 at 8:30 p. m.

The Universities TV Council was formed last week to combine television and education. Participating colleges are Ohio State, Ohio University, Miami, Dayton, Cincinnati, Xavier, Kentucky, Louisville and Indiana.

He Has A Steady Job

NEW YORK.—Mike Lee, sports editor of the Long Island Daily Press, is now serving his seventh year as president of the United States Harness Writers' Association. He recently was reelected at the annual meeting of the racing group.

Pre-Law Training Time Increased

COLUMBUS, Nov. 28.—The Ohio Supreme Court has boosted the amount of education a student must have to enter law schools, setting up a minimum of six years before receiving a law degree.

Under the new rule, students must have three years of college before entering law school. The rule becomes effective Jan. 1, 1954.

Under the present rule only two years pre-law study is needed, although most larger schools voluntarily demand four years.

Passing It Up

UNIVERSITY, Miss.—Lea Paslay, University of Mississippi halfback, caught two passes against Houston but the net yardage amounted to just three yards. One was for a seven yard loss. The other for a four yard loss.

The Ole Miss sophomore did better on the pitching end, however, with two completions in two tries for a gain of 35 yards.

Garden Club Members Meet At James Home

The regular monthly meeting of the Pic-Fay Garden Club was held at the home of Mrs. Floyd James in New Holland, with seventeen members present. The meeting was opened by the president, Mrs. Joe Louis, who gave hints on garden plants for winter.

Mrs. Joe Owens, secretary, read the minutes of the last meeting and also gave the treasurer's report in the absence of the treasurer, Mrs. Irvin Yeoman.

Roll call was responded to by the naming of evergreens and the program committee chairman, Mrs. Robert Kirkpatrick, presented beautiful handmade programs for the year to members.

The program chairman for the meeting was Mrs. Russell Ebert, and her subject was "Making Christmas Decorations." She demonstrated clever ways to fill Madonna vases with arrangements, the making of Christmas bells to use as door or mantel ornaments, platter centerpieces for tables and a Chinese tray featuring the "Three Wise Men" which was most unusual.

Several displays of window decorations which is the club's project

Sister Kenny Slipping Swiftly

BRISBANE, Australia, Nov. 28.—Sister Elizabeth Kenny's doctor says he does not expect the famed poliomyelitis specialist to live until Saturday night.

Meanwhile, an airliner carrying supplies of a new drug, Trypsin, from the United States is awaited. The drug may dissolve the brain clot which is killing the 66-year-old nurse. The plane is due here Saturday night and an automobile will rush the drug to Sister Kenny's home in Toowoomba, 85 miles west of here. Her physician held out little hope that the drug would help her, even if she lives until it arrives.

Mamie To Visit New Home Monday

WASHINGTON, Nov. 28.—The White House is due for inspection Monday by two first ladies of the land.

Mrs. Bess Truman has invited Mrs. Mamie Eisenhower, wife of the President-elect, to go through the executive mansion where the Eisenhowers will live after Jan. 20.

A sweet sandwich in the lunchbox, if it is packed along with one of meat or fish or eggs, can take the place of cookies or cake.

Transfer Of Teacher Protested By Pupils

TEL AVIV.—When their eighth grade teacher was transferred to another class recently, his 30 pupils, all about 14, started a minor revolution that lasted four days before peace was restored.

The pupils left their class, marched through corridors, upset tables and finally organized a demonstration aided by their parents. Protests were made to educational authorities who relented and restored their teacher, Ben Moshe.

"You see, he was so good to us," one boy said. "He never went on with a lesson as long as one of us didn't understand properly."

Semi-sheer, with the texture of fine cotton dimity... but so much easier to keep looking hand-box fresh! What's more, Penney's has these nylon blouses in white, turquoise, coral rose, black, pink, light blue, and lilac... sizes 32-40.

CINCH BELT SKIRTS

\$4.98

This would be a low price for the skirt alone... heavy-ribbed rayon faille, cut full and easy. But you get both the handsome skirt and the smart wide elastic cinch belt with its good-looking metal clasp... for so little! Tops for waist-whittling flattery, adaptable for casual or dress-up wear... and yours in black and new vivid colors. 22 to 28.

Carl Smith of WHS on INS All-State Team

TOP FOOTBALL STARS of Ohio high schools in 1952, according to a poll of coaches, sports writers and sportscasters compiled by International News Service, are these 11 players, representing nine teams. Top vote getter among full backs was quarterback Leonard Dawson, 160-pound senior of Alliance. Ernie Bell, East Liverpool guard, collected the greatest number of votes among the linemen. (International)

WHS Lions Have Not Yet Picked Colleges

Success is not without its troubles and its problems—even after it is achieved.

That goes for the Lion gridders of WHS who finished the season without a defeat. For most of those boys, their worries are just beginning.

They had fun during the football season. But now comes the pressure that is both new to these youngsters and hard for them to stand up under, principally because they are just kids and inexperienced with intrigue of big time college football.

They have taken the praise without letting it turn their heads and that is a tribute to their moral stamina as their football was to their physical sturdiness.

But, now they are getting bewildered by the pressure of colleges for their services. Some of them have been offered nearly everything under the sun. One school is reported even to have made a bid for the entire starting lineup seniors.

LAST MONDAY night at the Boosters Club's appreciation meeting they heard four former college sports stars tell them to go to college but to go for an education first and to play football second. Dr. James Hull summed it up succinctly when he told them seriously: "Don't sell yourselves like a piece of meat."

If they fail to heed Dr. Hull's advice, it won't be because they have not had every opportunity to.

Carl Smith, the leading high scorer in the state, is probably the most sought-after, but he certainly is not the only one. Virtually, everyone of the seniors on the starting

ing team has been wooed by one or more schools through its emissaries.

But, not one of them has come to a definite conclusion yet on where he will go to school, no matter what the rumors—and even newspaper reports—say.

Five of them left Friday for South Bend, Ind., to see the Notre Dame-Southern California game there Saturday. They are Charles Holbrook, the fullback; Carl Smith, the left halfback; Wayne Van Meter, one of the ends; Walter Plymale, one of the guards and Joe Provost, the center.

Bobby Alkire, the quarterback, and Capt. Dick Waters, the other guard, could not make the trip.

They are going with William Himmelsbach in his station wagon. Their head coach, Fred Jacoby, is going with them, too.

The invitation to go to Notre Dame was extended by Jack Can-

non of Columbus, all-time All-American guard for the Irish 22 years ago, when he joined the squad at the dinner in the Methodist Church before the "Salute the Champions" meeting in the high school auditorium.

Cannon and Himmelsbach were schoolmates at Aquinas High School in Columbus.

JACOBY, WHO HAD scrupulously refrained from singling out any

of the Lions for special mention during the season has finally picked out Smith and Waters and recommended them, in glowing terms, for the all-Ohio school team which is selected every year by the Associated Press through sports writers, commentators and officials.

He called them "outstanding"—which carries a lot of weight, coming from Jacoby, a man of few words and still fewer superlatives. Of the 175-pound Waters he said: (Please turn to page 8)

MODERN BUSINESS BUILDING and 2-STORY BRICK BUILDING

MARTINSVILLE, OHIO

SATURDAY, DECEMBER 6

LOCATED in the center of Martinsville, Ohio, and fronting on State Route 28.

Modern Business Building Sells at 2:00 P. M.

Large, modern, practically new business building, 76x56. This building was constructed six years ago, is practically fireproof, and is of brick and concrete block construction with concrete floors. Approximately 4250 square feet of floor space. Entire building heated by oil automatic furnace. Ample lighted with fluorescent lights. This building is of sound construction and in a good state of repair.

This modern business building is exceptionally well located in Martinsville, Ohio, and fronts on Main Street (State Route 28). Martinsville is about forty miles from Cincinnati, Dayton, and Springfield and about seventy miles from Columbus. This building lends itself to be used for any type of retail business and is also especially well adapted for almost any type of light manufacturing or machine tool shop work. An adjoining two-story brick building, 26x60, sells immediately after this sale, which makes an additional 1560 square feet of floor space available. This building will appeal to the buyer interested in establishing his own business or to the investment buyer. Inspection permitted any time prior to sale.

Sale on the premises. Sells to the highest bidder. TERMS—\$2,500.00 cash at time of sale, balance to be paid on delivery of deed. Purchaser will receive good title and IMMEDIATE POSSESSION.

Two-Story Brick Building Sells at 2:30 P. M.

This two-story brick building, 26x60, is located on a large lot adjacent to the above described business building. The two buildings are located side by side on separate lots but they are connected together with a large enclosed archway. The two buildings can be used together as one unit or they can be used separately. Each building is to be sold separately and each sale is to be separate and absolute. The two-story brick building is in a good state of repair and lends itself to be used for any type of retail business, shop work, etc. Ample parking space in the rear. Inspection permitted.

Sale on the premises. Sells to the highest bidder. TERMS—\$1,000.00 cash at time of sale, balance to be paid on delivery of deed. Purchaser will receive good title and IMMEDIATE POSSESSION.

Detroit Paces Pro League With Victory

NEW YORK, Nov. 28 — Thanks to the Detroit Lions the National Football League now has an undisputed leader. The Lions upended Green Bay 48-24 in a Thanksgiving Day game to give them sole possession of the national conference's No. 1 spot. But they'll occupy that lofty perch alone for only a couple of days.

The San Francisco 49ers and the Los Angeles Rams, each only a half game behind Detroit, tangle in the former city Sunday and the winner will climb back into a tie with the Lions.

The existing three-way tie between Cleveland, New York and Philadelphia in the American conference can also be broken this weekend when the Browns tangle with the Washington Redskins, the Cants take on the Pittsburgh Steelers and the Eagles engage the Chicago Cardinals.

In Akron, the orphaned Dallas Texans won their first league game by upsetting the Chicago Bears 27-23. Frank Tripucka, with only 34 seconds left in the game, plunged over from the one.

Dallas, leading by 18 points at one time, found themselves trailing, by a three point margin in the fourth quarter. Led by Tripucka, who completed 16 of 26 passes, they started a 75-yard march to the deciding touchdown.

Radio, Video Grid Schedule Nearing Finale

NEW YORK, Nov. 28 — Climax of the college football season comes to radio and television Saturday afternoon when the annual Army-Navy meeting goes out on both mediums and radio joins in with three other traditional contests. Of the radio networks, NBC will have two games, CBS will omit its roundup in favor of a single contest and ABC will switch to opera.

Radio lines up this way:
Army vs Navy — NBC 1:15 p. m. from Philadelphia.
Georgia Tech vs Georgia—MBS 1:45 from Athens, Ga.
Southern California vs Notre Dame — CBS 2:30 from South Bend, Ind.
Tennessee vs Vanderbilt — NBC 4 (or after Army-Navy) from Nashville.
To be seen on television:
Army vs Navy — NBC-TV 1 p. m.

to include pre-game ceremonies. This is the last of the NCAA 11-game college schedule.

Last portion of Notre Dame-Southern Cal game to be televised at end of Army-Navy tilt.

San Diego Navy vs San Diego Marines—CBS-TV 2:45 from San Diego, Calif.

17 College Grid Teams Undefeated

NEW YORK, Nov. 28.—(P)—Seventeen colleges, four of which have not completed their seasons, comprise the list of unbeaten, untied teams.

The select group lost two games Thursday when Tennessee Tech bowed to Middle Tennessee, 19-7, and Miami University lost to Cincinnati, 34-9. Two more of the unbeaten came through with victories as Lenoir Rhyne downed Catawba, 41-13, and Virginia State beat Morgan State 22-0. It was No. 8 for each of the winners.

Lions League

There's a splattering of games scheduled for the next two Saturdays but this will be the final big splash before the gridiron sport ushers in the new year with the annual bowl classics.

A capacity crowd of 102,000, including President Truman, will sit in on the Army-Navy proceedings at Philadelphia's Municipal Stadium with the Middles favored to make it three straight over the Cadets but by no margin as last year's 42-7 drubbing.

The game, scheduled to start at 1.30 p. m., EST, will be televised on the nation-wide network of NBC. The telecast is scheduled to start at 1 p. m.

AND IF THAT is not enough football in one day to television's football fans, they can see the latter part of the Notre Dame southern California game at South Bend, Ind. It'll be beamed over the same ai waves as soon as the final gun is sounded in Philadelphia.

Although five other bowl teams are scheduled for action it is the appearance of second ranked and unbeaten Southern California against seventh ranked Notre Dame that has caught the fancy of football fans. The West Coast Trojans, who'll represent the Pacific Coast Conference against Wisconsin in the Rose Bowl, are a one touchdown favorite.

The four Southeastern Conference teams which will be in bowl games are favored in traditional affairs. Georgia Tech and Mississippi, headed for the Sugar Bowl, meet Georgia and Mississippi State, respectively.

Alabama, opponent of Syracuse in the Orange Bowl, takes on Auburn; and Tennessee, picked to meet Texas in the Cotton Bowl, tangles with Vanderbilt.

Tulsa's high scoring Golden Hurricanes, who'll take on Florida in the Gator Bowl at Jacksonville, winds up the regular season against Texas Tech.

Also on the nation-wide program are such other traditional affairs as Boston College-Holy Cross, Oklahoma-Oklahoma Aggies, Frodham-New York University, Tulne-Louisiana State, Virginia-William and Mary, Texas Christian - Southern Methodist and Washington-Washington State.

THE LAST conference races were decided Thursday as Pennsylvania took the Ivy League crown with a 14-7 decision over Cornell and Utah downed Utah State, 20-0, to win the Skyline title with a clean slate of five victories.

Texas, already winner of the Southwest Conference championship, warmed up for its Cotton Bowl engagement by downing the Texas Aggies, 21-12, in another traditional tilt. The victory gave the Longhorns a clean sweep in conference competition.

The first of the post-season bowl games also was played with East Tennessee State crushing Emory and Henry, 34-16, in the Burley Bowl at Johnson City, Tenn.

Miami (Ohio) University dropped out of the undefeated, untied group by losing to Cincinnati, 34-9.

In other top turkey day games, Colgate outscored Brown 33-27, Wyoming nosed out Denver 21-14 and Saint Clara turned back San Jose 15-7.

Big Traditional Games Booked For Saturday

Army-Navy, Notre Dame-Southern Cal Tilts To Top List

NEW YORK, Nov. 28.—(P)—College football all but wraps up its thrill-packed 1952 season Saturday with the traditional Army - Navy game and the final appearance of six bowl-bound teams heading a slim program.

False Arrest Brings \$7,500

COLUMBUS, Nov. 28.—(P)—Ralph Eaches of Richmond has been awarded \$7,500 damages because he spent 13 months in Ohio Penitentiary for a crime he did not commit.

Eaches, 39-year-old machinist, was arrested Sept. 19, 1948, on charges of robbing a Marion super market of \$2,500. He was sentenced

to a 10-25 year term. Gov. Frank J. Lausche pardoned him Dec. 23, 1949, after Earl Bircham, then in the Kentucky State Prison, confessed the crime. The state Sundry Claims Board awarded Eaches \$7,500.

Ezra Rockwell Ends His Life

Was Proprietor Of Food Market Here

Ezra T. Rockwell, 67, proprietor of Rockwell and Ruhl's Red and White Market, East Court Street, ended his life in the basement of his store shortly after 3 P. M. Thanksgiving Day.

He had dismissed his assistants and apparently went to the basement soon after they had gone. After scrawling a penciled note on a letterhead of the firm, cut his throat with a 12-inch blade butcher knife.

He had left the front door of the store unlocked, and nothing was a thought of his absence until after the usual time for him to reach his home at 508 South Fayette Street. Then his son-in-law and daughter, Mr. and Mrs. Quincy Chedle, started to look for him.

Chedle found Rockwell's body on the basement floor, with the knife beside it. He immediately summoned the police who took charge of the investigation.

THEY FOUND A note which had been placed on top of a cement block near where Rockwell's body was found. The note read:

"Goodbye. I did this after the boys went back. I just can not stand it and longer, so goodbye. Dad. Mother, Nellie, Clyde, Paul, Connie, Charles."

Also written across one corner of the sheet was the following: "I let Mary go home and then I went and did it. I took my life myself. E. T. Rockwell."

Relatives and friends had noted that something appeared to be on his mind for the past two weeks or longer and said he had threatened to end his life.

Rockwell leaves many friends in this community.

He was a native of Patterson, in Hardin County, and lived in Marion for many years. He went to Wilmington and was in business there for some time, later coming to Washington C. H. in 1942. He had been engaged in the grocery and meat business here since that time.

He was a member of the Wilmington Presbyterian Church.

Surviving are his widow, daughter, three grandchildren and two foster sisters, Mrs. Dale Kellogg, Patterson, and Mrs. Jack DeWitt, Pittsburgh.

Private services will be held Sunday at 10 A. M. at the Gerstner Funeral Home. Interment will be at Patterson.

Rev. Harold Braden will conduct the services. Friends may call at the funeral home after 7 P. M. Friday until the time of the service.

State Department Refuses Transfer Of Liquor Permits

According to a notice received from the Ohio Department of Liquor Control, the application pertaining to the Rendezvous Room for transfer of liquor permits from the Fayette Hotel, Court and Fayette streets, to the Cherry Hotel, 203-05 North Main Street, has been refused and rejected upon the basis of the department's finding at a hearing conducted in the Court House on November 7.

Transfer of the applicant's permits, which the department says expires on December 17, 1952, was opposed by authorities in control of the First Presbyterian Church, located approximately 170 feet from the premises for which the transfer was sought. The state department's order stated it "considers the objections well founded" and because of the proximity of the institution (the church) therefore "determines it inadvisable to transfer said permits."

A representative of the Fayette County Ministerial Association stated Friday that the association had unanimously agreed to oppose invasion by liquor selling applicants of any territory within the limits prescribed by law in proximity to churches, schools or public libraries.

The state department says that the applicant has the privilege, under the law, to appeal to the Board of Liquor Control from the department's decision. The appeal must be filed with the clerk of the Board of Liquor Control within 30 days after the date of notification.

Commercial Club Plans For Yuletide

Members of the Commercial Club at Washington C. H. High School made plans for the Christmas season at their last meeting.

They are going to fill boxes with Christmas cookies and candy for residents and patients of rest homes here and set Dec. 18 as the date for a gift exchange party at the home of Patti Hurt. Another feature of the party will be singing of carols.

Marcella Huff is the chairman of the committee that made Christmas plans.

Ann Ducey, the program chairman, gave a talk on "How to Dress for a Job" and the club's yearbooks, typed by Marilyn Rehm, were passed out.

The next meeting, which is to be devoted almost exclusively to business, is to be held Dec. 9.

Mt. Sterling Has \$25,000 Blaze

Starting in a second floor kitchen, a fire damaged the recreation hall and lodge rooms of the Knights of Pythias Lodge and the Iulor Hardware Co. store in Mt. Sterling Thanksgiving afternoon.

Two trucks from the Mt. Sterling Fire Department battled the flames in the three story brick building in the heart of the town for an hour and a half before bringing the fire under control.

Damage was estimated at \$25,000.

Sedalia Church Fair Success

Nearly \$1,000 Added To Building Fund

The fund for building a new Midway Presbyterian Church at Sedalia today is \$940 bigger with still more to come.

The latest contribution came from the Sample Fair the men and women of the church put on there last Saturday night. There was almost an overflow crowd for the event, but it has taken some time to get even an estimate of the profit.

Members of the congregation had worked on the Fair preparations for more than a month. George Ropp was the general chairman and M. S. Reynolds Slaughter was the chairman of the women's committee.

Mrs. Robert Haigler, who has been one of the key promoters of the Fair, said indications were that the proceeds might go over \$1,000, because when the first report was made the profit was \$940. There were still some expenses to be taken care of and some money yet to be turned in, but these amounts were considered relative small.

The new church is to cost round \$40,000 and of that amount \$30,000 has already been raised from within the congregation itself.

THE NEW CHURCH, which is to be of colonial design, is to be of red brick. It is to have seven class rooms, a modern kitchen and accommodations for about 150 when the sanctuary (the main auditorium) and assembly room are thrown together. That is about 90 more than the old church could take of for services.

The old white frame church has been torn down after serving the people as a place of worship for nearly a century.

Rev. William Peterson is pastor of the church. The elders are George Dean, Robert Haigler, Reynolds Slaughter, Jr., Delbert Dorn and Forrest Rihl and the trustees are Lewis Collins, Reynold Slaughter, Sr., George Ropp, Robert McCormack and Kenneth Dorn.

Men To Be Hosts At Wayne PTO

Men of the Wayne PTO will entertain the women at the next meeting, Monday at 8 P. M. in the Good Hope School.

Several musical numbers will be presented by the men. They will also have charge of the refreshments and the program.

On the program committee are Ray Gorman, Harold Thomas, Emerald Sollars and Roy Geesling, Paul Pope, Ted Kniesley, Keith Garinger, Eddie Hoskins and Lawrence Hoppes will have charge of the refreshments.

Dr. Cecil Thomas will be the speaker for the meeting. Dr. Thomas is the executive secretary of the Ohio State University YMCA. He has traveled in Europe the past year and will show slides and pictures on the different countries.

A banner will be awarded to the room having the most fathers present.

It was not until the 14th Century that paper came into general use in Europe.

Damon Runyon's "Bloodhounds of Broadway" is slated to be shown at the Fayette Theater Sunday, Monday and Tuesday.

The picture is Technicolor introduces to the screen a new set of the legendary guys and gals who fill the rich pages of Damon Runyon's notebook. The picture revolves around one of the author's best-known characters, the tough guy racketeer who conceals a heart of gold.

Starred in the picture are Mitzi Gaynor, Scott Brady and Mitzi Green.

"The Snows of Kilimanjaro," is to be shown Wednesday, Thursday and Friday, starring Gregory Peck, Susan Hayward and Ava Gardner, with Hildegard Neff.

The picture relates the story of a brilliant novelist and big game hunter who reviews his life and loves while awaiting death in a remote corner of civilization.

Ending the week on Saturday is the show, "To The Shores of Tripoli," starring Randolph Scott and John Payne, with Maureen O'Hara.

A DOUBLE FEATURE is to be shown at the State Theater for Sunday, Monday and Tuesday.

The first is "The Savage," in Technicolor, starring Charlton Heston.

"Samba Mania" is the other feature to be shown. It is a Technicolor musical.

A Popeye cartoon will also be shown the same dates.

"Cairo Road" will be presented Wednesday and Thursday. The film is an exciting expose of the world-wide traffic in dope and narcotics.
